For Professional Investors only. Not suitable for Retail clients.

All data as of 31/05/2022

Investment Opportunity Emerging Market Debt: a growing and high-yielding asset class, under-represented in global portfolios. Investors have the opportunity to invest in this strategy under the investor-friendly terms of a UCITS fund with daily liquidity and European tax harmonization.

Strategy Unconstrained, high conviction approach with an investment framework that ensures high diversification while protecting against downside risk. Alpha generation bedded in bottom-up fundamental analysis and enhanced with exposure to frontier opportunities.

Team
Initiator: Banor Capital Ltd, a London based, FCA-regulated asset manager with a proven track record in fundamental analysis and investing through traditional and alternative strategies for private and institutional clients and funds. Part of a group with more than Eur 10 bn under influence (advisory + discretionary management).
Investment Manager: FIM Partners is a specialist EM Frontier Asset Manager with exceptional record of generating alpha since inception. Established in 2008 as a boutique, institutional asset manager in the emerging and frontier market space with 30+ experienced investment, finance and operations professionals in the UAE, United Kingdom and KSA.

Portfolio Construction
High Conviction: filtering the EM universe through a proprietary research framework, concentrating our investment effort on a narrower set of opportunities (ca. 40-50 positions).
Unconstrained: choosing the best expression of risk between EM credit, rates and FX, given a fundamental country view.
Fundamentally-Based: focusing on improving credits and capital preservation through comprehensive on the ground research, including ESG criteria.
